

6" Retrofit Light

The 6" retrofit light kits are designed to replace traditional light sources in typical 6" recessed housings.

The product is DIMMABLE which insures even greater energy savings.

Advantages:

- Energy Saving up to 90% in comparison with traditional light sources
- Samsung LEDs guarantee the best quality, long life span and great lumen output

Energy Star (in the process, meets all standards)
LM80 Test confirmed for LEDs

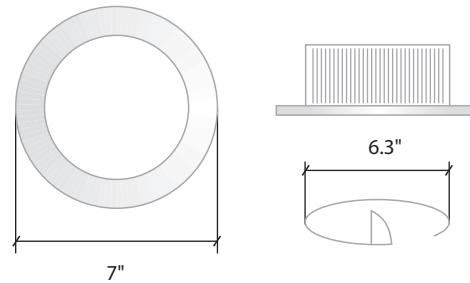

Accessories

Integrated Power Supply

LED

10W = 75W lub 26W

Technical Specs

Model	CRPDL6 (WW, NW)
Casing color	silver, white
Current	110VAC
Power	10W
Frequency	60Hz
Safety Certification	II
IP Code	IP20

Optical Specs

Model	Luminous flux	Beam angle	Colour temperature	CRI	Life span of the LED
CRPDL6 (WW)	700lm	120°	3000°K	+75	50000h
CRPDL6 (NW)	750lm	120°	4000°K	+75	50000h
